

Green Energy Program Residential Grant Payment ARRA Eligible Customer Sheet

Thank you for participating in Delaware's Green Energy Program (GEP). As you know, the number of GEP applicants has exceeded the available funding, resulting in delays for rebate payment of many months. Fortunately, the American Recovery and Reinvestment Act ("*Recovery Act*") has directed unprecedented funding to support energy efficiency and renewable energy, reduce pollution, and create jobs. By using this source of funding, which includes some conditions, we can remit the rebate grant payment to you much sooner than previously estimated. This page lists those Green Energy Applicants currently eligible for an opportunity to accelerate their rebate payment by meeting the conditions of the federal *Recovery Act*.
